What's in your school's cybersecurity tool stack?

With the ActZero Managed Detection and Response (MDR) Service, you get everything you need for cybersecurity -- from A to Z, and zero action needed by you. Everything we do is in our name - ActZero.

1 ENDPOINT PROTECTION

Laptops, Desktops, and Servers
We bring CrowdStrike EDR and Stellar Cyber XDR to you or support Microsoft Defender EDR & NGAV.

2 SECURE OTHER ACCOUNTS

- Cloud
- Network
- Email Accounts
- Identity

3 AI

Secret Sauce
Our AI reduces alerts and false positives, and responds against cyber threats so you don't have to.

4 MORE TOOLS TO PROTECT

SIEM, Vulnerability Scanning
We include Tenable Vulnerability Management and Zimperium Mobile Threat Defense to the service.

5 ACTIVE RESPONSE

Block, Contain, Respond
Auto-blocking and AI detections mean machine-speed response to threats. Our AI ensures fewer alerts -- less than 10 per month.

6 24/7 PEOPLE EXPERTS

SOC, Threat Hunters, Data Scientists
Our 24/7 SOC triage and investigate threats to send alerts. Our threat hunters study advanced techniques daily to quickly identify attacks, and our data scientists constantly fine tune our AI.

7 ADVISORS

Customer Experience Team, VCISO
We bring you the right people to help when threats happen and improve your security posture.
